

At The Golden Pear

Spa Beerland Face mask

We offer you a possibility to try a unique natural face mask for free, whose main ingredient is brewer's yeast, which is one of the best natural sources to replenish **vitamin B**, magnesium, calcium, iron, potassium and selenium. They are also a source of essential amino acids, which the body cannot produce on its own, so it is essential to supplement with this natural form. If you are interested in this purely natural face mask, please do not hesitate to contact our hotel reception (daily 10:00 - 20:00).

Use: Apply a sufficient amount of the face mask with a cosmetic spatula on the skin, spread and leave on for 15 - 20 minutes. Rinse off with lukewarm water and facial soap.

The specific aroma of brewer's yeast is its hallmark and is not a bad thing.
